SCHOOL OF MEDICINE
Indiana Alzheimer's Disease Research Center

PURDUE UNIVERSITY
Purdue Institute for Drug Discovery

Greater Indiana Chapter

Securing Record Funding Through Collaborative Research Excellence

- National Institute of Neurological Disorders and Stroke (NINDS)
- National Institute of Aging (NIA)
- National Institutes of Health (NIH)
- \$35M NIH grant for IU Center for Alzheimer's research in partnership with the Purdue Institute for Drug Discovery Center
- Alzheimer's Association, Greater Indiana Chapter

@BioCrossroads

Pushing the Boundaries of Research, Treatment, and Patient Care

- Innovative Partnerships**
Collaborating with research institutions, diagnostics, and leading pharmaceutical companies
- Seamless Translation**
From lab research to patient care, Indiana excels in advancing drug development
- World-Class Patient Care**
Delivering world-class clinical care for neurodegenerative diseases
