

# FROM IDEA TO IMPACT

## RADIOPHARMACEUTICAL CAPITAL OF THE WORLD®

Indiana leads the way in radiopharmaceutical innovation with an unmatched ecosystem that drives the development, manufacturing, and global delivery of cutting-edge therapies.

### Our Competitive Edge

Backed by a strong foundation in research, logistics, and workforce development, Indiana provides a secure and scalable infrastructure, top-tier talent, and regulatory expertise necessary to accelerate innovation and meet growing global demand.

- Specialized isotope production facilities
- State-of-the-art clean rooms
- Radiopharmaceutical cyclotrons
- Integrated research platforms

#1 in U.S. life sciences exports

#1 in U.S. pharmaceutical exports

The only U.S. supplier of four critical radioisotopes essential for diagnostic and therapeutic applications

Indiana Officially Designated as the Radiopharmaceutical<sup>SM</sup> Capital of the World®, with the **infrastructure** and **expertise in logistics, product development**, and **advanced manufacturing** that's changing lives.

#### Logistics Capabilities

#### Expanding Leadership

#### Centrally Located. Globally Connected.

Rapid access to specialized distribution and logistics capabilities

Located within a day's drive to 80% of the U.S. population

# THE FUTURE OF PRECISION MEDICINE

## Talent, Innovation, and Industry Collaboration

Indiana is setting the standard for excellence in developing skilled talent and industry support to fuel radiopharmaceutical advancements.

### Radiopharmaceutical Working Group

Connecting the brightest minds across industry, academia, and research to drive progress in both diagnostics and therapeutics.

#### Optimizing Supply Chains

Enhancing logistics and infrastructure to ensure the efficient and safe delivery of radiopharmaceuticals.

#### Elevating Industry Perception

Showcasing the safety, innovation, and life-changing impact of radiopharmaceuticals to strengthen Indiana's reputation on a national and global scale.

#### Driving Research & Development

Uniting thought leaders to accelerate advancements and foster new breakthroughs in the field.

#### Developing a Skilled Workforce

In collaboration with institutions such as Purdue University and Indiana University, specialized training programs are preparing professionals to meet industry demands.

### Talent Initiatives

Collaboration with Purdue University and Indiana University, creating clear pathways from education to careers in the radiopharmaceutical sector.

**Indiana University School of Medicine Radiology is #1 in Big 10 NIH funding, #6 nationally**

**INDIANA UNIVERSITY**  
SCHOOL OF MEDICINE

**Purdue University is home to the nation's largest radiopharmaceutical pharmacy program**

**PURDUE**  
UNIVERSITY

Join us in advancing the future of medicine in the  
**RADIOPHARMACEUTICAL CAPITAL OF THE WORLD®**
